Dive experiences for non-certified divers

Discover Scuba Diving

Interested in diving but not in a course? Experience your first real dive together with one of our multilingual instructors and discover a new perspective of the fascinating underwater world: weightless, surrounded by tropical marine life and the only sounds you hear are those of your bubbles.

A short theory lesson, a detailed briefing and then you are already diving! The Discover Scuba Diving Experience can be credited towards a PADI certification course like the Scuba Diver or the Open Water Diver. *Minimum age: 10 years.*

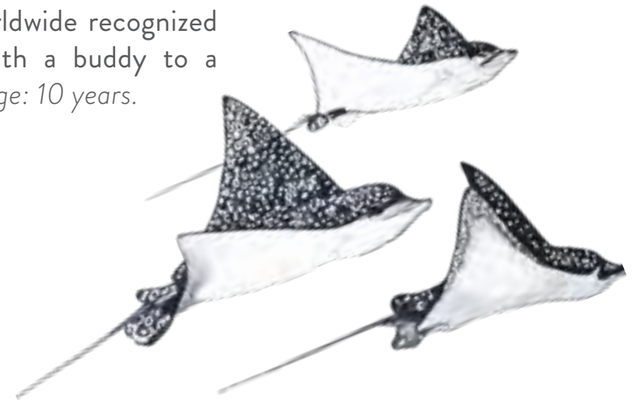
Scuba Diver Course

Interested in getting certified but short in time? The Scuba Diver Course is the easiest way to become a certified diver. During your course you will experience the beautiful underwater world of Maldives with 3 theory lessons and 3 dives which consists of a practicing part in the lagoon following a fun dive where you can use what you just learned. You will receive a certification, which enables you to dive up to 12 m with a professional diver anywhere in the world. *Minimum age: 10 years.*

Open Water Diver Course

The Open Water Diver Course brings you from non-diver to an independent diver level in just one unforgettable course. You will learn all the basics of diving with 5 theory lessons, a simple final exam and 5 dives which consists of a practicing part in the lagoon following a fun dive where you can use what you just learned.

The Open Water certification is worldwide recognized and qualifies you independently with a buddy to a maximum depth of 20m. *Minimum Age: 10 years.*



Bubblemaker

Not yet 10 years old? Too young to do a diving course? Take your first breaths underwater as a “Bubblemaker” hand in hand with one of our multilingual instructors at a maximum depth of 2m. Discover the most colourful part of the reef and the abundant marine life!
Minimum Age: 8 years.

And then? Patience, patience:
when you are 10 years old you can go for your first certification: the Junior Scuba Diver or Open Water Course to a maximum depth of 12 m!
